Callus®

Deodorant antiperspirant

Anti-bacterial oxygenates and deodorizes

For best results, the feet and legs must be prepared for treatment. The use of a specific detergent cleans deeply into the skin, thus preventing fungal infections and irritations. Callus Cleanser, cleanses and refreshes your feet and legs giving a pleasant feeling of well being. Propolis is particularly suitable for minor inflammations and to counter the growth of bacteria.

This product can be applied in diabetic patients
